**I met a man up on the mountain
and this is what he said to me
I met a man up on the mountain**

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

And this is what he said to me

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

**Better watch out for the rattlesnake
Better watch out for the rattlesnake
Keep your eyes open and be wide awake**

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

And watch out for the rattlesnake

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

**And watch out for the Mama she-bear
better watch out for the Mama she-bear
If her cubs is standing there**

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

Better watch out for the Mama she-bear

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

**And watch out for the power buzz saw
Better watch out for the power buzz saw
Going to leave your fingers red and raw**

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

Better watch out for the power buzz saw

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem bones

I met a man up on the mountain

clicka dem bones, clicka dem bones

And this is what he said to me

clicka dem bones, clicka dem bones
clicka dem bones, clicka dem ...

This is a “moving voices” song where one person sings the verse lines and others sing the “clicka dem bones” response. Of course one person can do it all.
