G D
It doesn't matter if
C G
I will pass this way again
G D
It doesn't matter if
C G
I don't know why or when

C D (high)
All my hopes and all my dreams
C G
Are but scattered melodies
G D
It doesn't matter if
C G
You are here with me

And even if I can't remember
All the words to my songs
It doesn't matter if
I still get to sing along

Singing in the summertime
In the garden of my dreams
It doesn't matter if
I don't know what it means

My yesterdays fade away
Laughter, joy and sorrow
It doesn't matter if
Today is my only tomorrow

So hold me tight this one last night
Don't let me go ever
It really matters
Right now is my forever

All my hopes and all my dreams
Are but scattered melodies
It doesn't matter if
You are here with me
You are here with me
